Report description: GLAM activities	

Please keep your report to one side of A4 and use a broad brush approach.

Projects from the last three months

Started just before GLAM Wiki 2103, took some part in that conference and now doing follow up.

Projects in the next three months

Processing responses from GLAM Wiki 2013, aiming to get multiple collaboration projects going in conjunction with participants who have expressed an interest in working with us.

Have met with Senate House Library in conjunction with London Boro of Camden and Camden History Society. Dialogue is ongoing and a collaboration event may well ensue.

Liaising with Tyne and Wear WIR and have put him in touch with WikiProject ships which has already started to generate queries

Posted some technical queries re Europeana upload

For information

1. As the UK has significant GLAM resources of interest to the whole of humanity it could be a useful part of the UK chapter's role to act as a facilitator in launching collaborations between Wikimedians around the world and UK GLAMs. Capacity permitting, I may be working to formalise what has already happened via Tipu's tiger and similar international collaboration as one of the objectives of the chapter's GLAM work.
