Please keep your report to one side of A4 and use a broad brush approach.

### Projects from the last three months

I started my employment in the role of WMUK's Education Organiser on 18 March 2013.

The first 4-6 weeks were focused mainly on induction and orientation. This has involved several meetings, which I've listed here:

### Projects in the next three months

I am now mainly focused on planning the next EduWiki conference. See [http://uk.wikimedia.org/wiki/EduWiki\\_Conference\\_2013](http://uk.wikimedia.org/wiki/EduWiki_Conference_2013)

I'm also exploring other education outreach events to develop, such as the Academic Dress Editathon (see [http://uk.wikimedia.org/wiki/Academic\\_Dress\\_editathon](http://uk.wikimedia.org/wiki/Academic_Dress_editathon)) and Education-related training session for particular communities, possibly starting with the University of the 3<sup>rd</sup> Age in Barnet. (<http://www.barnetu3a.org.uk/>). Initial planning details for these will will here and subsequently on more appropriate wiki pages: [http://uk.wikimedia.org/wiki/User:Toni\\_Sant\\_%28WMUK%29/Education\\_events\\_planning](http://uk.wikimedia.org/wiki/User:Toni_Sant_%28WMUK%29/Education_events_planning)

### Decisions and actions required:

There are no decisions required from the board at this point, but there will be a recommendation for the EduWiki conference venue forwarded to the board for approval around mid-May.
