4. What did you like most about the event?

> The general consensus was that people really enjoyed learning to program in Lua.
>
> See Appendix 1 for further details.

5. What can we do to improve future events?

> It was a common theme that the event could have been planned better, making sure that all the equipment was set up earlier so that the event could start as soon as everyone was ready.
>
> See Appendix 2 for further details.

6. Additional comments or suggestions

> People generally used this question to say thank you, but there were a couple of insightful comments, one person commenting that it would have been useful to have "More in person presentation and less video".
>
> See Appendix 3 for further details.
